MOTHER TERESA UNIVERSITY

November 7th, 2023 Skopje, North Macedonia

Congress "Towards Sustainable Development" TSD

CONFERENCE – ICT, MATHEMATICS AND CYBERSECURITY

About the Conference - Invitation

The International Conference on ICT, Mathematics, and Cybersecurity aims to address the numerous challenges that the engineering society faces today in engineering education, profession, and scientific research. This event is organized with the support of University Mother Teresa and is planned as a parallel extension to the 7th annual congress entitled "Towards Sustainable Development".

The conference provides a platform for researchers, practitioners, and policymakers to exchange ideas, share insights, and discuss the latest advancements in the field of ICT, Mathematics, and Cybersecurity. The conference encourages the presentation of original research papers, case studies, and practical experiences to foster collaborative discussions and generate innovative solutions to engineering challenges.

TOPICSD

ICT, MATHEMATICS AND CYBERSECURITY

- Artificial Intelligence and Machine Learning in Engineering
- Data Science and Analytics for Engineering Applications
- Internet of Things (IoT) and its Impact on Engineering
- Cloud Computing and Virtualization in Engineering
- Big Data and Advanced Analytics in Engineering
- Cybersecurity for Critical Infrastructure and Industrial Systems
- Wireless Communication and Networking in Engineering
- Mathematical Modeling and Simulation in Engineering

Important dates:

September 15th, 2023: Deadline for submission of abstract October 01st, 2023: Acceptance / rejection notification October 20, 2020: Announcement of Final Agenda; November 6 & 7, 2023: Congress and Conferences;

December 31, 2023: Deadline -Submitting Journal full paper

Conference secretariat

Prof.Dr. Bekim Fetaji; Assist. Prof.Dr Stojan Kitanov; Assist Prof.Dr Egzona Iseni; Assist. Prof.Dr. Fisnik Doko;
